

GLSV Manufacturing

Supporting quick-turn around prototyping and low level production

- CNC Vertical Machining Center (2)
- CNC Lathes (2)
- 100 ton forming press
- 3.5" capacity for mandrel bent tubing
- Bead Rolls
- Cold Saw
- 72" x 120" CNC water jet cutting table
- Sheet metal roll
- Welding – TIG, MIG, Resistance, automation

- Manual milling machines (2)
- Manual Lathe
- Radial Drill
- Automated horizontal band saw
- 48" x 92" plastic thermoforming machine
- Sheet metal break
- 100 ton molding press
- Misc. presses
